

Hospital Wing Fling 2010: Learning By Doing
Friday June 11, 2010 7am – 5pm
Chester Anderson Memphis Fire Department Training Center
4341 O.K. Robertson Rd. Memphis, TN 38127

Course Description

Don't miss your chance to participate in this unique, interactive learning experience complete with cadaver and simulator procedure labs. This year the conference will have the anatomical procedure labs in addition to speakers. The labs will offer "hands-on" training as well as in-depth sessions targeting emergency procedures in the pre-hospital and emergency care setting. Our speakers' presentations will focus on relevant practices and trends in patient care issues for pre-hospital and emergency healthcare providers.

Due to the set-up of the conference, **all participants must be pre-registered**. Deadline for registration is June 4, 2010. **NO WALK-IN registration on conference day will be available.**

Course Disclosures

All speakers and /or presentations are subject to change.
Procedural lab participants and observers will be required to complete "hold harmless" and media disclaimers during the lab activities at Hospital Wing Fling 2010.

CEU Approval:

CECBEMS application for CEU approval will be utilized for the conference.

Conference Registration Fees: Pre-Registration Only Deadline is June 4, 2010

The conference registration fee is \$50.00. This fee includes course material, continental breakfast, lunch, certificate and other goodies. Full refund will be given for cancellation notice in writing received before May 21. No refunds after May 21 however a substitute participant may attend with adequate documentation presented to Hospital Wing prior to conference date. \$25.00 check return fee will be applied.

Optional Evening Event: Ground Zero - Beale Street

Join us in our private room at Ground Zero on historical Beale Street for music, fun and food from 6:30pm until 10:00pm. Registered conference participants may purchase tickets for \$10.00 per ticket
